Upcoming Meeting

Monday
October 20th, 2008
@7:30 p.m.
In the
Legion basement

Minutes of the Previous Meeting

The meeting which was held down at the field club house was brought to order at 7:30 by the President Karl Kingston.

There were 7 members present and honorary member Dave Malyon

Old Business

None

New Business

1) Roger Belanger has worked on the Club web site and it is now up and running and is a great addition to our club assets. Roger plans on keeping it very informative so check it out regularly.

2) Ed Renaud will store the canopies in his shed for the winter.

3) The regular monthly meeting scheduled for the second Monday in October happens to fall on Thanksgiving Monday so the meeting is now scheduled one week later.

4) There will be a “Chili” fly held on the Saturday after the meeting which is Saturday October 25, under the auspices of Ed. Renaud. Chili and rolls and flying and lots of laughs. What could be better. Come on out and enjoy.

Adjournment:

The meeting was adjourned but I don’t know by whom or at what time.

This and That

1) The meeting was held at the club house which wasn't too bad except that Jeb Ward and I assumed it would be held at the Legion because of how early it gets dark, so we showed up at the Legion for nothing.

2) Last week as I was having a few flights down at the field, I was joined by Ken Cox who showed very keen interest in the flying activities and during our conversation he stated that both he and Dave Brodie would try and find time in their busy schedules to rejoin the Aeromodellers Club and resume flying again. He stated that they both miss the flying activities as well as the friendship of the other fliers. He asked me to include them on the newsletter and gave me both of their email addresses.

3) Robert Mondoux was short of fuel and as I was going over to the Norwood Hobby Shop I told him I would pick him up a gallon of glow fuel, figuring it was \$10 to \$15 dollars a gallon. Well the price now is \$32.00 dollars a gallon because of the Haz. Mat. shipping expense. It sure would be nice if we could find a cheaper way of getting fuel.

3) I was wondering who all was going to the Annual General meeting in Ottawa at the Science and Technology Museum this coming Saturday. If we can't go at least we should get a report from whoever does go. The next meeting will be held at the Legion basement on Monday,

September 20, 2008 at 7:30 sharp.

Come on down and see and hear about what is going on. See you there @ 7:30 sharp.
