Upcoming Events

The march cilli fly still need volunteers call Roger or Karl if you can help out

On march 10 at the indoor flying We held a competition with little hand made gliders , made with foam plates and popsicle sticks you would think this sort of thing is for kids, but we had a really good time building and flying them .10 grown men were locked in heated battle. In the end only Roger was victorious and landed his plane in the hoop. Way to go Roger

Indoor flying will be held on Sundays:

March 24 and 31st.
April 7th.

April 20 is the date for our mall show

The Mike Cafferky Challenge:

To CAM Members,

As most of you will have already seen, we have been asked by the Manager of the Canadian Precision Aerobatics Team to provide some financial support for the team to attend this year's World Championship competition.

I know this endeavour takes tremendous dedication, time and financial commitment from Dave and his team. Their presence, representing Canada at this event is something I am proud of and I hope you feel the same. Like most of our members, I cannot afford to make a contribution of any significant consequence.. But collectively, I believe, we can make a financial contribution that will greatly assist the team. I am challenging all of our Cornwall members to make a small and affordable \$10.00 contribution. If every member contributes we will be able to offer almost \$500.00 to the team and I am certain this would put us at the forefront in the team's fundraising efforts.

I have offered to organize, collect and submit this fundraising challenge. I will start collecting your contributions in April.

Thanks in advance for participating if you can.

Cheers

Mike Cafferky

Whats Happening at other clubs

On May 2 ORCC is having a heli fun fly

On may 25 and 26 The Rideau Flyers are Holding an open house . I f it is half as good as their web site it should be great

Discussing conditions as the crowd watches the members prepare for takeoff

We hit the big time .We held our annual event at the UPPER CANADA Bird sanctuary . We do this every year and the patrons of the sanctuary really love it and we made it into the paper photos from Jack Dickland

Cornwall Aero Modellers entertain at Upper Canada Bird Sanctuary

Members of the Cornwall Aero Modellers start one of the remote control aircraft that took part in aerial demonstrations at the Upper Canada Bird Sanctuary.
